Information for Membership Applicants

The Caloosa Bird Club offers a fun and educational environment in which Club Members further their knowledge and understanding of all aspects of birding, including bird identification, habitat, and conservation.

The success of the Caloosa Bird Club lies in the philosophy that everyone involved has something to offer. Members are involved, on a voluntary basis, in such activities as serving on the Executive Board, being part of Committees, leading field trips, assisting in set up and take down for monthly meetings and pot-luck events, participating in the Christmas Bird Count, providing refreshments for monthly meetings and working on special projects as they arise.

- *Without the efforts of the Club Leadership and the participation of all members, the comprehensive schedule of events would not be possible.*

Club Activities

The Caloosa Bird Club has regular monthly meetings held on Sunday afternoons during the season which runs from November through to April. The season opens and closes with pot-luck events. Each week, on Mondays during the season, a Field Trip is scheduled.

- *Please refer to the Club Website for specific dates, times, locations, and directions.*

Membership Dues

Annual dues are to be remitted to the Treasurer following membership approval. Each year following, dues are payable to the Treasurer by November 1. You will be contacted by email every October with information pertaining to dues.

Criteria for Membership

Before submitting an application for membership, the Club requires attendance at one monthly membership meeting and two scheduled field trips. This is to provide individuals with an accurate understanding of what is involved in the Club experience.

Please complete the following application form and submit it to the Chair of the Membership Committee who will contact you once your membership has been approved. You will receive a new member's package at the next monthly membership meeting.

Caloosa Bird Club
